Adoption Resolution Template

RESOLUTION NUMBER _____

WHEREAS, the Federal Disaster Mitigation Act of 2000 was signed in to law on October 30, 2000, placing new emphasis on state and local mitigation planning for natural hazards and requiring communities to adopt a hazard mitigation action plan to be eligible for pre-disaster and post-disaster federal funding for mitigation purposes; and

WHEREAS, a Multi-Jurisdictional Hazard Mitigation Plan was prepared by Little Blue NRD and Lower Big Blue NRD, with assistance from JEO Consulting Group, Inc.

WHEREAS, the purpose of the mitigation plan was to lessen the effects of disasters by increasing the disaster resistance of the counties and participating jurisdictions located within the planning boundary by identifying the hazards that affect _____ and prioritize mitigation strategies to reduce potential loss of life and property damage from those hazards, and

WHEREAS, FEMA regulations require documentation that the plan has been formally adopted by the governing body of _____ in the form of a resolution and further requesting approval of the plan at the Federal Level; and

NOW, THEREFORE, the governing body of _____ does herewith adopt the Little Blue NRD and Lower Big Blue NRD Multi-Jurisdictional Hazard Mitigation Plan 2021 in its entirety; and

PASSED AND APPROVED this _____ day of _____, 2021.

President of Council

ATTEST:

Clerk

Kickoff Meeting Invitation Letter

June 30, 2020

RE: Kick-off Meeting Invitation for the Little Blue NRD and Lower Big Blue NRD Hazard Mitigation Plan Update

Dear Hazard Mitigation Planning Team Member:

The Little Blue Natural Resources District (NRD) and the Lower Big Blue NRD have secured grant funding from the Federal Emergency Management Agency (FEMA) to update their regional Hazard Mitigation Plan (HMP) with the assistance of JEO Consulting Group. HMPs identify vulnerabilities and possible impacts and losses within participating jurisdictions to various natural and man-made hazards (e.g., flood, drought, wildfire, winter storm, dam and levee failure, etc.). The HMP also identifies projects and strategies aimed at enhancing community resilience and preparedness for specific hazards.

You are invited to a socially distanced HMP Kick-off meeting to discuss your role in the plan update. This meeting is expected to last approximately one to two hours. Meeting details are below:

HMP Plan Kick-off Meeting
Tuesday, July 14, 2020 at 10:00 AM
Shickley Community Center
102 N Market St
Shickley, NE 68436

The intent and goal of this meeting is to meet with JEO Consulting Group and other Regional Planning Team members to discuss roles and responsibilities of the plan, general project schedule, and some preliminary data for plan development.

For more information or questions, please contact Brooke Seachord at (402) 474-8741 or by email at bseachord@jeo.com. We are looking forward to seeing you at the Kick-off meeting!

Sincerely,

Brooke Seachord, Project Coordinator
JEO Consulting Group

HMP Project Announcement Letter - Stakeholders

August 3, 2020

RE: Little Blue Natural Resources District and Lower Big Blue Natural Resources District
Hazard Mitigation Plan Update Announcement

Dear Stakeholder,

The Little Blue Natural Resources District (NRD) and the Lower Big Blue NRD are in the process of updating the regional 2016 Multi-jurisdictional Hazard Mitigation Plan (HMP). Proactive hazard mitigation planning allows a community to take actions to reduce or eliminate threats from natural and man-made disasters. **You are receiving this letter and are encouraged to participate in this planning effort because your jurisdiction was identified as either an eligible participant, a potential stakeholder, or neighboring jurisdiction.**

HMPs are a requirement of the Disaster Mitigation Act of 2000 and must be updated every five years. Once a community, county, or district is part of an approved plan, they become eligible for grant funding for a wide variety of projects listed in the plan. This publicly guided document will identify vulnerability to natural disasters such as flood, drought, earthquake, wildfire, winter storm, tornado/high winds, and dam failure. The plan sets goals, establishes mitigation alternatives, and prioritizes projects which may reduce damages when future disasters occur. According to a 2018 study conducted by the National Institute of Building Sciences, every \$1 spent on hazard mitigation saves \$6 in post storm cleanup and rebuilding.

This effort is being guided by a Planning Team consisting of representatives from the NRDs, county emergency management, communities, and stakeholders in the planning area. Public input will be gathered throughout the duration of the plan development through online tools and public meetings. All communities, counties, school districts, and taxing authorities within the District are eligible to participate.

The District hired JEO Consulting Group, Inc. (JEO) to assist with the plan development. This HMP update is funded by a FEMA planning grant. FEMA is covering 75% of the cost of the plan development and the District is covering 25%.

Please provide us with a primary point of contact for this important project and submit the contact information to bseachord@jeo.com. For more information on this planning effort, you can visit the project website at <https://jeo.com/blues-hmp> or contact me at bseachord@jeo.com or (402) 474-8741.

Sincerely,

A handwritten signature in blue ink that reads "Brooke Seachord".

Participating Jurisdictions Round 1 Meeting Invitation Letter

August 18, 2020

RE: Little Blue Natural Resources District and Lower Big Blue Natural Resources District
Hazard Mitigation Plan Update 2021

Dear Hazard Mitigation Planning Participant,

The Little Blue Natural Resources District (NRD) and the Lower Big Blue NRD are in the process of updating the regional 2016 Multi-jurisdictional Hazard Mitigation Plan (HMP) with the assistance of JEO Consulting Group. HMPs identify vulnerabilities and possible impacts and losses within participating jurisdictions to various natural and man-made hazards (e.g., flood, wildfire, winter storm, dam and levee failure, etc.) and identifies projects and strategies aimed at enhancing community resilience and preparedness for specific hazards. Participating jurisdictions are also eligible for federal grant funding. **You are receiving this letter because your jurisdiction is eligible and encouraged to participate in this planning effort.**

To be recognized as a participating jurisdiction, FEMA requires at least one designated representative from your jurisdiction to participate in the planning process. Please attend one of the upcoming meetings shown below. Both socially distanced in-person meetings and virtual meetings are scheduled across the planning area. Attending a virtual meeting for your jurisdiction still meets FEMA participation requirements. Each meeting will last approximately 1.5 – 2 hours.

In-Person Meetings: **Masks are required for in-person meetings**

- **Nuckolls County** – Tuesday, September 22 from 2:00-4:00PM @ Nelson Community Center (580 Main St, Nelson)
- **Jefferson County** – Wednesday, September 30 from 6:00-8:00PM @ 4-H Extension (56885 PWF Rd, Fairbury)
- **Adams County** – Thursday, October 8 from 10:00AM-12:00PM @ Hastings Library (314 N Denver Ave, Hastings)
- **Fillmore County** – Wednesday, October 14 from 6:00-8:00PM @ Geneva Public Library (1043 G St, Geneva)
- **Gage County** – Tuesday, October 20 from 6:00-8:00PM @ Extension Building (1115 W Scott St, Beatrice)

Virtual Meetings:

- Thursday, September 24 from 2:00-4:00PM - Join online at <https://us02web.zoom.us/j/85712651938> or call (346) 248-7799, meeting ID: 857-1265-1938.
- Tuesday, September 29 from 10:00AM-12:00PM - <https://us02web.zoom.us/j/81261713673> or call (346) 248-7799, meeting ID:812-6171-3673.
- Tuesday, October 6 from 2:00-4:00PM - <https://us02web.zoom.us/j/89555628812> or call (346) 248-7799, meeting ID:895-5562-8812
- Wednesday, October 21 from 2:00-4:00PM - <https://us02web.zoom.us/j/86161131189> or call (346) 248-7799, meeting ID:861-6113-1189.

RSVPs are required for both in-person and virtual meetings. To RSVP please email your jurisdiction name and the meeting you intend to attend to bseachord@jeo.com. For more information on this planning effort, you can visit the project website at <https://jeo.com/blues-hmp> or reach out to me directly at bseachord@jeo.com or (402) 474-8741.

Sincerely,

Brooke Seachord, Project Coordinator

Participating Jurisdictions Round 2 Meeting Invitation Letter

January 27, 2021

RE: Little Blue Natural Resources District and Lower Big Blue Natural Resources District
Hazard Mitigation Plan Update 2021

Dear Hazard Mitigation Planning Participant,

The Little Blue Natural Resources District (NRD) and the Lower Big Blue NRD are moving forward in the development of the regional Multi-jurisdictional Hazard Mitigation Plan (HMP) update. HMPs identify vulnerabilities and possible impacts and losses within participating jurisdictions to various natural and man-made hazards (e.g., flood, wildfire, winter storm, dam and levee failure, etc.). The intent of this second meeting is to identify new mitigation actions to address local vulnerabilities, discuss community capabilities and existing planning mechanisms, and to review information collected to this point. **You are receiving this letter because your jurisdiction's attendance is required in order to continue participation in this planning effort.**

To be recognized as a participating jurisdiction, FEMA requires at least one designated representative from your jurisdiction to participate in the planning process. Please attend one of the upcoming meetings shown below. All meetings are being held virtually for the health and safety of community members.

Virtual Meetings:

- Tuesday, February 23 at 6:30PM - Join online at <https://us02web.zoom.us/j/85409924628> or call (346) 248-7799, meeting ID: 854-0992-4628.
- Thursday, February 25 at 2:00PM – Join online at <https://us02web.zoom.us/j/82193407562>; or call (346) 248-7799, meeting ID: 821-9340-7562.
- Tuesday, March 2 at 6:30PM – Join online at <https://us02web.zoom.us/j/82171982283>; or call (346) 248-7799, meeting ID: 821-7198-2283.
- Friday, March 5 at 12:00PM – Join online at <https://us02web.zoom.us/j/83130561614>; or call (346) 248-7799, meeting ID: 831-3056-1614.

Materials for Round 2 meetings will be available via Google Drive (<http://bit.ly/3iRB7Vi>) beginning February 15, 2021. For more information on this planning effort, you can visit the project website at <https://jeo.com/blues-hmp> or reach out to me directly at bseachord@jeo.com or (402) 474-8741.

Sincerely,

A handwritten signature in purple ink that reads "Brooke Seachord".

Letter of Public Review Notification

May 31, 2021

RE: Little Blue Natural Resources District and Lower Big Blue Natural Resources District
Hazard Mitigation Plan Update 2021 – Public Review Notification

Dear Hazard Mitigation Planning Participant,

The 2021 Little Blue NRD and Lower Big Blue NRD Hazard Mitigation Plan has begun its Public Review Period. All community or jurisdictional profiles and sections of the plan are now available online. These drafts include the latest revisions that were discussed at the second round of meetings.

You may review the draft at the project website: <https://jeo.com/blues-hmp>.

The draft is available for a public comment period between **Tuesday, June 1st, 2021 to Wednesday, June 30th, 2021**. At the end of this period, the complete multi-jurisdictional plan will be submitted to the Nebraska Emergency Management Agency and the Federal Emergency Management Agency (FEMA) for final approval.

This is your last opportunity to review the plan and submit to JEO any requested changes or corrections, prior to its submission to NEMA and FEMA.

Please carefully review this draft with your local planning team and verify that the information therein is accurate to the best of your knowledge. Please inform JEO as soon as possible should you desire any changes. To submit revisions or request other changes, please email Brooke Seachord, JEO Project Coordinator, at bseachord@jeo.com.

If we do not receive changes from you by Thursday, July 1st, we will assume that your jurisdiction has reviewed this section and approves of it as written.

Thank you for helping us provide your community with an accurate and comprehensive hazard mitigation plan! If you would like more information about this planning effort, I can be reached at 402-474-8741 or by email at bseachord@jeo.com.

Sincerely,

A handwritten signature in purple ink that reads "Brooke Seachord".

2021 Little Blue NRD and Lower Big Blue NRD

Hazard Mitigation Plan Update

Hazards

Hazards pose risk to people, property, the environment, and the economy. These include but are not limited to: tornadoes, wildfire, severe winter storms, flooding, dam failure, and agricultural disease.

Mitigation

Mitigation is any action that reduces risk. These actions depend on the needs of individual participants, but common projects include backup generators, storm shelters, alert sirens, and education or public awareness programs.

Hazard Mitigation Plan

A Hazard Mitigation Plan is a community-driven, living document that assesses vulnerability to natural and man-made hazards and identifies mitigation strategies to reduce vulnerability.

The Little Blue NRD and Lower Big Blue NRD are leading the planning effort to update its 2016 Hazard Mitigation Plan, or HMP. Residents and entities across the planning area are encouraged to participate.

Why Your Community Should Participate in the Plan:

- To gain eligibility for FEMA mitigation grant programs
- To identify strategies to reduce your community's risk to hazards and disasters
- To build relationships within your community and region that foster resilience across a larger geographic area

Find out how YOU can be involved by checking the project website!

Project Website

The project website can be accessed through this link: <https://jeo.com/blues-hmp>

About the Project

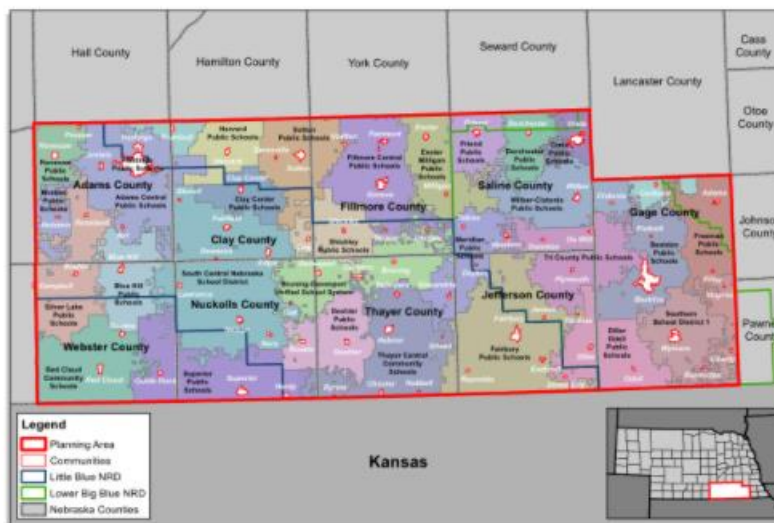

The Little Blue NRD and Lower Big Blue NRD are collaboratively updating their regional Hazard Mitigation Plan (HMP). Over 100 communities, counties, school districts, or other jurisdictions participated in the last plan update which was approved by FEMA in 2016. HMPs are required to be updated every five years per federal regulation and are publicly-guided plans that identify vulnerability to natural disasters such as flood, drought, earthquake, wildfire, winter storm, tornado, high wind storm, dam failure, etc. The plan establishes goals, outlines specific mitigation options, and prioritizes projects which may reduce or eliminate loss of life and potential damages to property when future disasters occur.

The 2021 plan update process is being sponsored by the Little Blue and Lower Big Blue NRDs and will be lead by local planning teams consisting of representatives from NRDs and Emergency Management offices in Adams, Clay, Fillmore, Gage, Jefferson, Nuckolls, Saline, Thayer, and Webster Counties.

Public input will be gathered throughout the duration of the plan development through online tools and public meetings. All communities, public school districts, and other taxing authorities within the region are eligible to participate. Hazard Mitigation planning is the effort to reduce loss of life and property by lessening the impact of disasters. For every \$1 spent on hazard mitigation, \$6 in post-disaster recovery is saved, according to the Federal Emergency Management Agency (FEMA). Proactive hazard mitigation planning allows a community to take actions to reduce or eliminate threats from natural and man-made disasters.

Once a community, county, or district is part of an approved hazard mitigation plan, they become eligible for up to a 75% cost share for a wide variety of projects listed in the plan.

JEO Consulting Group, Inc. (JEO) has been hired to assist with the plan development over the next year. This hazard mitigation plan update is funded by a FEMA planning grant.
