Round 1 Meeting Invitation Letters

Participating Jurisdictions

July 12, 2021

RE: Central Platte Natural Resources District
Hazard Mitigation Plan Update Round One Public Meeting

Dear Hazard Mitigation Planning Participant,

The Central Platte NRD is beginning the first phase of the Hazard Mitigation Plan update. Your jurisdiction is required to attend a meeting in order to participate in the plan. Once a community, county, or district (School District, Fire District, Irrigation District, etc.) is part of an approved plan, they become eligible for up to a 75% cost share from the Federal Emergency Management Agency (FEMA) for a variety of projects listed in the plan. **New FEMA directives state that each jurisdiction must participate directly in the plan to be eligible for this funding.** The plan examines regional and local vulnerabilities to a range of hazards (i.e. flooding, severe winter storms, drought, hazardous materials, etc.) and identifies strategies and projects to reduce their impact.

The plan update and approval process will last 12-months and will include two rounds of public planning meetings. **FEMA requires at least one representative from your jurisdiction to attend planning meetings.** Please **attend one** of the upcoming meetings shown below. Each meeting will last 1 to 1.5 hours and can be attended in-person, virtually online, or by phone.

The first round of planning meetings will be held in:

- **Central City:** Thursday, **August 12, 2:00 pm CT** at the Central City Venture Center, 1532 17th Ave, Central City, NE 68826
 - Or Join Online at <https://us02web.zoom.us/j/82942489837>

Stakeholders Round 1 Meeting Invitation Letter

July 12, 2021

RE: Central Platte Natural Resources District
Hazard Mitigation Plan Update Round One Public Meeting

Dear Hazard Mitigation Plan Stakeholder,

The Central Platte NRD is beginning the first phase of the Hazard Mitigation Plan update. Jurisdictions are required to attend a meeting in order to participate in the plan. Once a community, county, or district is part of an approved plan, they become eligible for up to a 75% cost share from the Federal Emergency Management Agency (FEMA) for a variety of projects listed in the plan. **You are receiving this letter because you are a potential stakeholder for this planning effort.**

The plan examines regional and local vulnerabilities to a range of hazards (i.e. flooding, severe winter storms, drought, chemical spills, etc.) and identifies strategies and projects to reduce their impact. **As a stakeholder, you are encouraged to provide input to the planning process to ensure identified mitigation efforts are appropriate and consistent with the special needs of the organization you represent.** Your input will be integrated into the larger community profile prepared by your community's local representatives. Each meeting will last 1 to 1.5 hours and can be attended in-person, virtually online, or by phone. You only need to **attend one** of the meetings below.

The first round of planning meetings will be held in:

- **Central City:** Thursday, **August 12, 2:00 pm CT** at the Central City Venture Center, 1532 17th Ave, Central City, NE 68826
 - Or Join Online at <https://us02web.zoom.us/j/82942489837>
 - Or by Phone: (346) 248-7799; Meeting ID: 829 4248 9837
- **Lexington:** Monday, **August 16, 2:00 pm CT** at the Dawson County Annex, 200 W 7th St, Lexington, NE 68850
 - Or Join Online at <https://us02web.zoom.us/j/82163873165>
 - Or by Phone: (346) 248-7799; Meeting ID: 821 6387 3165
- **Grand Island:** Thursday, **August 19, 1:00 pm CT** at the Central Platte NRD Office, 215 Kaufman Ave, Grand Island, NE 68803
 - Or Join Online at <https://us02web.zoom.us/j/82255223637>
 - Or by Phone: (346) 248-7799; Meeting ID: 822 5522 3637

Neighboring Jurisdictions Round 1 Meeting Invitation Letter

July 12, 2021

RE: Central Platte Natural Resources District
Hazard Mitigation Plan Update Round One Public Meeting

To Whom It May Concern:

This letter is being sent to inform your jurisdiction of a planning effort underway by the Central Platte NRD to update the regional Multi-Jurisdictional Hazard Mitigation Plan (HMP), with assistance from JEO Consulting Group. FEMA requires that neighboring communities be notified of this planning effort and are encouraged to attend the public informational meetings.

An HMP is a community-guided document that identifies both vulnerability to natural hazards and mitigation measures to reduce or eliminate this vulnerability. Communities that participate in the development of the HMP become eligible to apply for FEMA hazard mitigation grants.

Neighboring jurisdictions are encouraged to provide input to the planning process or attend meetings to ensure identified mitigation efforts are regionally appropriate and consistent with those identified within other communities in the region. Each meeting will last 1 to 1.5 hours and can be attended in-person, virtually online, or by phone. You only need to **attend one** of the meetings below.

The first round of planning meetings will be held in:

- **Central City:** Thursday, **August 12, 2:00 pm CT** at the Central City Venture Center, 1532 17th Ave, Central City, NE 68826

Round 2 Meeting Invitation Letter Participating Jurisdictions and Stakeholders

December 20, 2021

RE: Central Platte NRD
Hazard Mitigation Plan Update Round Two Public Meeting

Dear Hazard Mitigation Planning Participant,

The Central Platte NRD is moving forward with the second phase of updating the Hazard Mitigation Plan (HMP). **You are receiving this letter because your jurisdiction's attendance is required in order to continue participation in this planning effort.**

HMPs identify vulnerabilities, and possible impacts and losses within participating jurisdictions to various natural and human-caused hazards. The HMP also identifies projects and strategies aimed at enhancing community resilience and preparedness for specific hazards. The intent of these meetings is to gather and review vital information including updating previous mitigation alternatives, identifying new mitigation alternatives, and reviewing previously collected data.

FEMA requires at least one designated representative from your jurisdiction to participate in the planning process in order to be recognized as a participating jurisdiction. This is the second and last meeting required in this planning process. Please **attend one** of the upcoming meetings shown below. Each meeting will last about an hour. If you are unable to attend one of the meetings, please contact JEO if you will watch the recorded meeting (to be available on the project website) or would like to schedule a one-on-one meeting with JEO staff.

The second round of planning meetings will be held in:

- **Lexington:** Tuesday, **January 25, 2:00 pm CT** at the Dawson County Annex, 200 W 7th St, Lexington, NE 68850.
 - Or Join Online at <https://us02web.zoom.us/j/85351318580>
 - Or by Phone: (346) 248-7799; Meeting ID: 853 5131 8580
- **Grand Island:** Tuesday, **February 1, 2:00 pm CT** at the Central Platte NRD Office, 215 Kaufman Ave, Grand Island, NE 68803.
 - Or Join Online at <https://us02web.zoom.us/j/86369910718>
 - Or by Phone: (346) 248-7799; Meeting ID: 863 6991 0718

RE: Central Platte NRD Hazard Mitigation Plan Update – Public Review and Adoption

Dear Hazard Mitigation Planning Participant:

The Central Platte NRD Hazard Mitigation Plan has begun its Public Review Period and the current draft is available for review online. This draft includes the latest revisions following the second round of meetings. You may review the draft at the project website: <https://jeo.com/central-platte-nrd-hazard-mitigation-plan-update>.

The draft is available for public comment from Monday, April 18 to Friday, May 20, 2022. At the end of the Public Review Period, the completed plan will be submitted to the Nebraska Emergency Management Agency (NEMA) and the Federal Emergency Management Agency (FEMA) for final approval. This is your last opportunity to review the plan and submit to JEO any requested changes or corrections, prior to its submission to NEMA and FEMA.

Please carefully review this draft with your local planning team and verify that the information therein is accurate to the best of your knowledge. Please inform JEO as soon as possible should you desire any changes. To request changes, you can mark up a section, scan it, and email it to kdietrich@jeo.com; fax it to (402) 435-4110; or use the comment box on the project website. If JEO does not receive changes from you by Friday, May 20, we will assume that your jurisdiction has reviewed the plan and approves of it as written.

At this time, jurisdictions may also adopt the plan locally. Adoption would apply to the eventual FEMA-approved version of the plan. Attached is an example resolution that you may use or adapt to fit your local needs.

After local adoption and FEMA approval, your jurisdiction will become eligible for FEMA project grant funding to assist with implementation of actions in this plan. The adopted resolution must be returned to JEO Consulting Group for submittal to NEMA and FEMA. Send a copy of the signed, adopted resolution to JEO Consulting Group via email at kdietrich@jeo.com; fax to (402) 435-4110; or mail to:

JEO Consulting Group, Inc.

Central Platte NRD Hazard Mitigation Plan Update

Project Purpose

Central Nebraska is at risk to a wide-range of natural and man-made hazards like tornadoes, floods, winter storms, dam failure, chemical releases, agricultural disease, and more. In response to these risks, the Central Platte Natural Resources District (CPNRD), in collaboration with JEO Consulting Group, Inc. is seeking to better understand how these hazardous events impact central Nebraskans in order to increase community resilience to disasters. To that end, CPNRD will be updating their multi-jurisdictional Hazard Mitigation Plan (HMP) over the next year with the goal of reducing risk to hazards before they happen to communities in the CPNRD.

A hazard mitigation plan is a *community-guided* document that identifies vulnerability to hazards and mitigation projects to reduce or eliminate this vulnerability. Having an approved and updated plan enables your community to be stronger and more resilient by:

1. Reducing your community's risk and impacts from disasters,
2. Gaining eligibility for pre- and post-disaster mitigation grants, and
3. Building partnerships across the CPNRD

The planning area for the CPNRD HMP includes the counties of Buffalo, Dawson, Hall, Merrick, and Polk. Members of the community, schools, fire districts, irrigation districts, and other jurisdictions within the five counties are invited to participate in this process by attending meetings and providing information for the plan.
