When gearing up for the plan evaluation, the planning team should reassess its composition and ask following questions: YES Have there been local staffing changes that would warrant inviting different members to the planning team? YES Comments/Proposed Action:		Worksheet #2: Evaluating You	r Planning Team	
Have there been local staffing changes that would warrant inviting different members to the planning team? Comments/Proposed Action: Are there organizations that have been invaluable to the planning process or to project implementation that should be represented on the planning team? Comments/Proposed Action: Are there any representatives of essential organizations who have not fully participated in the planning and implementation of actions? If so, can someone else from this organization commit to the planning team? Comments/Proposed Action: Are there procedures (e.g., signing of MOAs, commenting on submitted progress reports, distributing meeting minutes, etc.) that can be done more efficiently? Comments/Proposed Action: Are there ways to gain more diverse and widespread cooperation? Revisit Your Risk Assessment

Risk Assessment	Questions	YES	NO	COMMENTS
Steps Identify hazards	Are there new hazards that can affect your community?			
Profile hazard events	Are new historical records available? Are additional maps or new hazard studies available?			
	Have chances of future events (along with their magnitude, extent, etc.) changed?			
	Have recent and future development in the community been checked for their effect on hazard areas?			
Inventory assets	Have inventories of existing structures in hazard areas been updated?			
	Are future developments foreseen and accounted for in the inventories?			
	Are there any new special high-risk populations?			
Estimate losses	Have loss estimates been updated to account for recent changes?			

If you answered "Yes" to any of the above questions, review your data and update your risk assessment information accordingly
